EDUCATION

Thapar Institute of Engineering and Technology

Bachelor of Engineering in Computer Science, CGPA: 9.63

Patiala, Punjab

2023 – 2027 (Expected)

OSDAV Public School

Senior Secondary (CBSE), Non-Medical – 96.6%

Kaithal, Haryana

2023

OSDAV Public School

Secondary (CBSE) – 97.6%

Kaithal, Haryana

2021

ACHIEVEMENTS

Meta PyTorch OpenEnv Hackathon Finalist

Top 800 Teams out of 31,000+ Registrations

2026

India

- Built AMASES, a multi-agent reinforcement learning environment using OpenEnv.
- Designed collaborative Planner, Debater and Integrator agents with adaptive curriculum learning.

APOGEE Business Strategy Competition

Top 10 Teams out of 1000+ Participants

2024

India

- Recognized for strategic analysis, market evaluation and data-driven decision making.

MergeItUp – Enactus TIET

1st Position

2024

TIET

- Won merger and acquisition competition demonstrating business and analytical skills.

PROJECTS

AMASES: Adaptive Multi-Agent Skill Evolution System | Python, OpenEnv, RL, TRL-GRPO, Hugging Face, Docker20

- Built a multi-agent reinforcement learning environment featuring Planner, Debater and Integrator agents.
- Implemented adaptive curriculum learning and deterministic reward decomposition.
- Developed skill tracking graphs and cumulative learning mechanisms across multiple task environments.
- Integrated TRL-GRPO based training pipeline for continual skill evolution.

NotYourRegularStudyBuddy | Python, Gemini, LangGraph, Streamlit

2025

- Developed a multi-agent AI study assistant with dedicated agents for quiz generation, motivation and assessment.
- Implemented personalized learning workflows with persistent memory.
- Generated quizzes dynamically and provided contextual feedback using Gemini APIs.

Local Language Integrator | React, Firebase, Socket.io, Python, JWT

2025

- Built a multilingual real-time chat application supporting 14 Indian languages.
- Implemented automatic translation, read receipts, presence tracking and emotion indicators.
- Integrated speech-to-text and text-to-speech capabilities.
- Designed secure authentication using JWT and Firebase Authentication.

TECHNICAL SKILLS

Languages: Python, C, C++, SQL

Machine Learning: Scikit-Learn, NumPy, Pandas, Matplotlib

Generative AI: LangChain, LangGraph, RAG, Hugging Face Transformers, Google Gemini

Others: Git, GitHub, Docker, Firebase, VS Code, Data Structures & Algorithms, OOP, DBMS

CERTIFICATIONS

Oracle Cloud Infrastructure 2025 Certified Generative AI Professional

Valid Until Oct 2027

Oracle

5-Day AI Agents Intensive Course

2025

Google & Kaggle

Understanding the Working of Neural Networks

2025

Analytics Vidhya
